

BRS ASIA PACIFIC

(Change and Innovation for Value)

We help client-organizations succeed through impartiality and competence in validation of Management Systems

Delivering Results

As a USA based California certification body the markets of Asia Pacific are, because of our base of operations in both sides of the Pacific. to protect consumers. We carry excellent relationship with our clients worldwide, and we are consistently striving to add-value to our client-organizations processes. BRS Certifications in Asia Pacific is a highly competent selective assessment-audit professionals specializing in the areas of quality, environment, food safety, occupational safety and health, security of information and social accountability.

In meeting accreditation requirements our operating management system carries accreditation ISO/IEC 17020, ISO/IEC 17021, ISO/TS 22003, ISO/IEC 27006 and ISO/IEC 17024.

In addition to ISO 9001 and ISO 13485 certifications, our HACCP Management System | HACCP MS (CODEX and 21 CFR 110 based) provides client-organization with a specification standard with strict process controls in the pursuit to assure safe products. Equally FSMS ISO 22000 extends HACCP MS for an organizations to address a full management system. To assure quality of foods and services are concurrent with safe foods expectations, you can opt to integrate QMS ISO 9001—ISO 15161 with ISO 22000. This provides for one assessment addressing both safe and quality of foods.

Environmental management systems certifications provides one of our cornerstones and strength, as we provide ISO 14001 and European EMAS (Environmental Management Audit Scheme) certification.

ISMS provides our basis for certification in Reference to ISO/IEC 27001 standards.

OSHMS provides Occupational Health & Safety certifications in accordance with OHSAS 18001, ILO-OSH, Z-10 and many other regulatory schemes.

Social Accountability certification is based on SA8000, CSR (Corporate Social Responsibility), and as Guidance ISO 26000.

We decided to focus on what we do competitively and to be known in these areas. For this reason we do not intent to certify everything. We believe that the certifications we provide are where our strength resides, and we do not pretend to do every single certification scheme. In this way we can protect the integrity of our trademark so our client-organizations can benefit.
